DTEN GO with DTEN Mate

for Existing Displays

SIMPLE | POWERFUL | PORTABLE

Transform any TV or Display into a Complete System for Video Meetings and Collaboration

Change your TV or display into a video conferencing solution with touch, optimized for Zoom.

Simply connect the DTEN GO via HDMI to any size display or TV. The DTEN Mate will pair with the DTEN GO for convenient touchscreen control and screen mirroring.
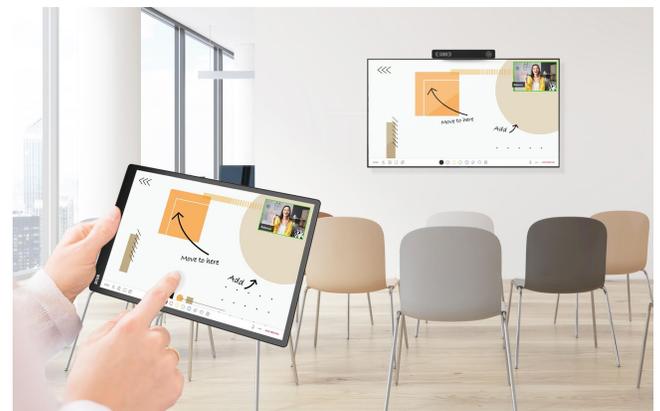

DTEN GO

Crystal Clear Conversations with Life-like Video and Touch Collaboration

The DTEN GO offers an advanced microphone array and smart camera system in a sleek and compact form factor for professional video meetings wherever you have an existing TV or display.

The companion DTEN Mate 10" portable touchscreen tablet provides intuitive whiteboarding and annotation tools with screen mirroring for easy control.

Be heard clearly with DTEN Audio AI sound suppression technology	**Make a great impression with DTEN smart camera technology**	**Instantly transform any existing display or TV for professional video meetings**

DTEN GO with DTEN Mate

for Existing Displays

Leverage Existing AV Equipment and Meeting Spaces

No need to replace existing equipment to access professional grade video conferencing and collaboration technologies.

Simply attach DTEN GO to a wall mounted display or a TV on an AV cart for an instant complete collaboration solution.

One-touch to Start Zoom Meetings with Worry-free IT Support

DTEN GO with Mate includes Zoom meeting software for instant Zoom meetings, right out of the box.

Worry-free IT support is provided by cloud-based user and device management platform, DTEN Orbit.

Create an Instant Zoom Rooms Kiosk Anywhere in the Office

Deploy a virtual helpdesk or deliver digital signage virtually anywhere in the building with an existing TV or display.

Flash secondary emergency alerts, deploy temporary informational counters and display employee safety information with Zoom Rooms' kiosk mode.

DTEN Smart Connect

With DTEN Smart Connect, use DTEN GO's smart camera and microphone arrays with virtually any meeting platform. When attached to an external PC or laptop, simply select the DTEN GO's as the chosen input source.
